Press Information Bureau to computerise its photo indexing features and provide telephoto services to its regional branch offices to mechanise the dispatch system for the distribution of field publicity material of the DAVP ; and

(b) The State where the DAVP is equipped to provide field Publicity Units with VCPs and Colour Monitors and equip itself with a computer for programme analysis ?

THE DEPUTY MINISTER IN THE MINISTRY OF INFORMATION AND BROADCASTING (KUMARI GIRIJA VYAS) : (a) The Press Information Bureau could not take up computerised indexing in the Photo Unit as the suitable technology for the purpose could not be obtained. Presently, telephoto service is available from PIS (Hqrs.) New Delhi to its Regional Offices at Bombay, Calcutta and Madras & vice versa. During 8th Plan period (1992-97) it is envisaged that the Bureau will be able to extend telephoto service to all Regional and to some selected branch offices.

DAVP has a computerised mailing list of about 15 lakhs addresses consisting of 527 categories. However, despatch of publicity material is done manually. There is no proposal as yet to computerise despatch of publicity material.

(b) DAVP has asked its Field Exhibition Units to hire TVs & VCRs for showing software produced by DAVP and other Govt. of India Deptts./Ministries during exhibitions wherever required. DAVP has no plans to buy computer for programme analysis of exhibitions. Impact studies of programmes are got done by DAVP from outside professional agencies.
